

Appl. No. 09/679,767  
Amdt. dated October 6, 2004  
Reply to Office Action of July 15, 2004

**Amendments to the Claims:**

This is a re-listing of the claims pending in the application:

**Listing of Claims:**

1. (Original) A roll of bath tissue comprising a wound continuous tissue basesheet having spaced-apart transverse lines of perforations which define individual tissue sheets for detachment in use, said tissue basesheet having a geometric mean stretch of about 11% or less, a single sheet caliper of about 0.01 inch or less, and a Void Volume of about 8.0 grams or greater per gram of tissue.
2. (Original) The roll of bath tissue of claim 1 having from about 600 to about 800 individual sheets per roll.
3. (Original) The roll of bath tissue of claim 1 having from about 650 to about 750 individual sheets per roll.
4. (Original) The roll of bath tissue of claim 1 having from about 600 to about 750 individual sheets per roll.
5. (Original) The roll of bath tissue of claim 1 having from about 650 to about 800 individual sheets per roll.
6. (Original) The roll of bath tissue of claim 1 wherein the tissue basesheet has a Void Volume of about 10.0 or greater.
7. (Original) The roll of bath tissue of claim 1 wherein the tissue basesheet has a Void Volume of from about 8.0 to about 11 grams per gram.

Appl. No. 09/679,767

Reply to Office Action of July 15, 2004

8. (Original) The roll of bath tissue of claim 1 wherein the tissue basesheet has a geometric mean stretch of about 10% or less.

9. (Original) The roll of bath tissue of claim 1 wherein the tissue basesheet has a geometric mean stretch of from about 7 to about 10%.

10. (Original) The roll of bath tissue of claim 1 wherein the tissue basesheet has a caliper of 0.0095 inch or less.

11. (Original) The roll of bath tissue of claim 1 wherein the tissue basesheet has a caliper of from about 0.007 to about 0.01 inch.

12. (Previously Presented) A roll of bath tissue comprising a wound continuous single-ply, throughdried tissue basesheet having spaced-apart transverse lines of perforations which define individual tissue sheets for detachment in use, said single-ply tissue basesheet having a geometric mean stretch of about 11% or less, a single sheet caliper of about 0.01 inch or less, and a Void Volume of about 8.0 grams or greater per gram of tissue.

13. (Previously Presented) The roll of bath tissue of claim 12 having from about 600 to about 800 individual sheets per roll.

14. (Previously Presented) The roll of bath tissue of claim 12 having from about 650 to about 750 individual sheets per roll.

15. (Previously Presented) The roll of bath tissue of claim 12 having from about 600 to about 750 individual sheets per roll.

16. (Previously Presented) The roll of bath tissue of claim 12 having from about 650 to about 800 individual sheets per roll.

Appl. No. 09/679,767

17. (Previously Presented) The roll of bath tissue of claim 1 wherein the tissue basesheet has a Void Volume of about 10.0 or greater.

18. (Previously Presented) The roll of bath tissue of claim 12 wherein the tissue basesheet has a Void Volume of from about 8.0 to about 11 grams per gram.

19. (Previously Presented) The roll of bath tissue of claim 12 wherein the tissue basesheet has a geometric mean stretch of about 10% or less.

20. (Previously Presented) The roll of bath tissue of claim 12 wherein the tissue basesheet has a geometric mean stretch of from about 7 to about 10%.

21. (Previously Presented) The roll of bath tissue of claim 12 wherein the tissue basesheet has a caliper of 0.0095 inch or less.

22. (Previously Presented) The roll of bath tissue of claim 12 wherein the tissue basesheet has a caliper of from about 0.007 to about 0.01 inch.

23. (Previously Presented) A roll of bath tissue comprising a wound continuous single-ply, uncreped throughdried tissue basesheet having spaced-apart transverse lines of perforations which define individual tissue sheets for detachment in use, said single-ply, uncreped throughdried tissue basesheet having a geometric mean stretch of about 11% or less, a single sheet caliper of about 0.01 inch or less, and a Void Volume of about 8.0 grams or greater per gram of tissue.

24. (Previously Presented) The roll of bath tissue of claim 23 having from about 600 to about 800 individual sheets per roll.

25. (Previously Presented) The roll of bath tissue of claim 23 having from about 650 to about 750 individual sheets per roll.

Appl. No. 09/679,767

26. (Previously Presented) The roll of bath tissue of claim 23 having from about 600 to about 750 individual sheets per roll.

27. (Previously Presented) The roll of bath tissue of claim 23 having from about 650 to about 800 individual sheets per roll.

28. (Previously Presented) The roll of bath tissue of claim 23 wherein the tissue basesheet has a Void Volume of about 10.0 or greater.

29. (Previously Presented) The roll of bath tissue of claim 23 wherein the tissue basesheet has a Void Volume of from about 8.0 to about 11 grams per gram.

30. (Previously Presented) The roll of bath tissue of claim 23 wherein the tissue basesheet has a geometric mean stretch of about 10% or less.

31. (Previously Presented) The roll of bath tissue of claim 23 wherein the tissue basesheet has a geometric mean stretch of from about 7 to about 10%.

32. (Previously Presented) The roll of bath tissue of claim 23 wherein the tissue basesheet has a caliper of 0.0095 inch or less.

33. (Previously Presented) The roll of bath tissue of claim 23 wherein the tissue basesheet has a caliper of from about 0.007 to about 0.01 inch.
